

MEGABITE

Oliver Seeds

HIGH QUALITY GRAZING MIXTURE DESIGNED FOR INTENSIVE CATTLE SYSTEMS

A blend of intermediate and late Perennial Ryegrasses with Timothy, White Clover and Birdsfoot Trefoil

- A high proportion of diploids, with top disease resistance and Clover gives excellent palatability and intake characteristics
- Persistent, late heading Ryegrasses provide a very good sward structure
- Formulated for full season production with good drought tolerance to boost Summer output
- Surplus production makes excellent silage
- Exceptionally high "D" values especially from ABERGREEN and ASPECT for maximum conversion into meat or milk
- Optimum Grass/White Clover performance
- Contains Birdsfoot Trefoil, a perennial legume adapted to a wide range of soil conditions. It contains tannins, which enhance nutrition, reduce the risk of bloat and may help reduce intestinal parasites in lambs
